

## **THE QUESTOR CENTRE**

**Mission:** 'To become an **International Partnership for Environmental Research and Development** with a network of academic partners and member companies/organisations'

**Director:** Dr. W. McGarel  
Queen's University Belfast  
Northern Ireland  
Tel: +44 (0) 2890 975577  
E-Mail: [w.mcgarel@qub.ac.uk](mailto:w.mcgarel@qub.ac.uk)

### **Partner Institutions including Principal Investigator:**

Queen's University Belfast (Lead Partner)	-	Prof. Mike Larkin
Dublin City University (Republic of Ireland)	-	Dr. Fiona Regan
Stevens Institute of Technology (US)	-	Prof. Christos Christodoulatos
Dalhousie University (Canada)	-	Prof. Ray Cote
The University of Duisburg-Essen (Germany)	-	Prof. Eckart Hasselbrink
IWW – The North Rhine Westphalia Institute for Water Research (Germany)	-	Prof. Hans-Curt Flemming

### **Research Activities:**

Water and Wastewater Treatment  
Remediation of Contaminated Land  
Analysis, Monitoring and Sensors  
Resource Management/Recycling  
Renewable Energy from Biomass  
Clean Technologies

### **Potential Areas for Collaboration:**

Novel Nanomaterials for Remediation  
Sustainable Wastewater Treatment  
Embedded Sensor Networks for Environmental Monitoring  
Renewable Resources from the Marine Environment
